# YuMOVE<sup>®</sup> ADVANCE 360 for Cats

**Our most concentrated and fastest-acting formula. With extra ActivEase<sup>®</sup> Green Lipped Mussel and Omega 3 essential fatty acids, this unique formula supports joints and helps to keep cats moving comfortably.**

## YUMOVE'S EXCLUSIVE TRIPLE ACTION FORMULA

### AIDS THE BODY'S OWN ANTI-INFLAMMATORY PROCESSES

ActivEase<sup>®</sup> Green Lipped Mussel, sourced from the crystal-clear waters of New Zealand, provides a guaranteed and highly-concentrated source of unique Omega 3 fatty acids. Combined with purified fish oil, YuMOVE ADVANCE 360 for Cats provides an additional source of the Omega 3 fatty acids EPA and DHA, to give you our fastest-acting and most concentrated formula yet. Working together, these increased levels aid the natural anti-inflammatory action of the cat's metabolism to support stiff joints.

### SUPPORTS JOINT STRUCTURE

Glucosamine provides the major building blocks of cartilage – the tough connective tissue that protects the joint. Fast-acting N-Acetyl D-glucosamine, the building block of Chondroitin, combined with natural Chondroitin from ActivEase<sup>®</sup> Green Lipped Mussel, maintains healthy joint structure. Manganese supports collagen formation in the cartilage, tendons and ligaments.

### PROMOTES MOBILITY

Hyaluronic Acid is a major part of the synovial fluid which helps lubricate and cushion the joint within 2 hours. Natural antioxidant Vitamin E optimises the metabolism of Omega 3 and Neutralizes free radicals to maximise mobility

## ACTIVEEASE® GREEN LIPPED MUSSEL

Only Lintbells products include our unique ActivEase® Green Lipped Mussel, one of the key ingredients in the YuMOVE range. The specific New Zealand growing conditions and special processing mean the active elements are significantly stronger than standard versions. Sourcing and strength make all the difference – ActivEase® Green Lipped Mussel contains 4x more Omega 3 fatty acids than standard versions.

### DAILY USE GUIDE (OR AS ADVISED BY YOUR VET)

YuMOVE ADVANCE 360 for Cats is easy to use – just split the capsule and sprinkle the tasty supplement over your cat's food.

YUMOVE PRODUCT SELECTION	LOADING AMOUNT Recommended for the first 4-6 weeks	ONGOING AMOUNT Daily amount following the loading dose
<b>AVERAGE CATS</b> (under 12 lbs) 	<b>2 capsules per day</b>	<b>1 capsule per day</b>
<b>LARGE CATS</b> (over 12 lbs) 	<b>3 capsules per day</b>	<b>2 capsules per day</b>

For best results use for at least 3 months and visit your vet for regular evaluation thereafter.

### See The Difference in 60 Days or Your Money Back†

Our formula is perfected through extensive trials, and we're always looking to improve – the positive feedback of thousands of pet owners shows we're on the right track. In fact, we're so confident that our products will work for your cat that we offer a guarantee.

## IS YOUR CAT TRYING TO TELL YOU SOMETHING?

Stiff joints affect cats of all ages – here are some signs to look out for:

### LESS KEEN TO JUMP, WALK OR PLAY

Cats usually love to move and play, but if they're experiencing stiff joints, they might avoid even their favorite games. This can lead to weight gain, which puts extra pressure on their joints.

### SLEEPING MORE

Older cats tend to sleep more but it can be a sign of aging joints, too.

### STRUGGLES TO GET UP AFTER RESTING

We all have our lazy moments, but if your cat is slow to get up or seems to have difficulty, it can be a sign of stiff joints.

### PERSONALITY CHANGES

If your cat stops being cuddly and loving and becomes more nervous, depressed or aggressive – especially if you go near a particular body part.

## Reasons to choose YuMOVE ADVANCE 360:

- ✓ The YuMOVE ADVANCE 360 range is our most concentrated and fastest acting formula, to support and aid cats with age-related joint concerns
- ✓ Only YuMOVE joint supplements include ActivEase® Green Lipped Mussel
- ✓ Ethically sourced, high quality ingredients
- ✓ 60 Day Money Back Guarantee – try with confidence
